

Scouts is all about doing something fun and challenging with your friends. You, with your Patrol and support from your Scouters, organise enjoyable activities. Use your imagination, the sky is the limit. You could climb to the top of Ireland's tallest mountains, sail or paddle to an offshore island, make a real difference in your own community, cycle to Europe, camp in Iceland, lead by example and make your home & country a better place. Add your own ideas to the list!

Have you heard of Tom Crean and the race to explore Antarctica & reach the South Pole with the Scott and Shackleton expeditions? Just as he faced challenges on his journey, you too will embark on a Personal Journey of discovery, growth, adventure, and above all, fun in Scouting!

By journey's end, you will have learned new skills and achieved your goals, and gathered amazing memories, friends and stories along the way.

It's the start of something special, something that is action packed with

FUN, ADVENTURE, CHALLENGE, FRIENDS, OUTDOOR ACTIVITIES, A SOCIAL SCENE and GREAT CRAIC!
